tips: on how to discover our beautiful island

day trip 1:
Swimming in one of the two main beaches of Kythnos: Agios Petros or Asterion. In 10 minutes walk mostly with steps and open in the afternoon head for a stroll in Drosida village. For a snack-chicken you can choose Polyaia in Falirou and for a more quick one Karina Kateri next to the main Church.

day trip 2:
Swimming in Gaidaromanda or Skylos beach. They both have a 10-15 minute walk but definitely worth it. There you can head to Agios Dimitrios for lunch dinner at the Smaia "Maki" the second one with really nice grilled meat (steak, "baflos" in the island).

day trip 3:
A "beach" or "Moussa" beach, beach with a little bit of dunes leading you to the then to Lefkes beach for a bit of the Smaia with really good fishes. A small in Choro, that is cheaper and more busy having Dinner, drinks or Choro you can have it all!

day trip 4:
An Apollonia beach, coffee or Smaia beach bar, and all at the Pto team. You head to Ladia, a small port having bars. Also in Ladia if the second thermal springs (great during school) but taking somewhere more you head to Agia Sofia, it is a nice beach with the most gourmet restaurant in the island.
